The Senator from Pennsylvania [Mr. SANTORUM] proposes an amendment numbered 3640, as modified.

The amendment is as follows:

On page 253, between lines 19 and 20, insert the following:

DEMOCRACY PROGRAMS AND ACTIVITIES IN IRAN

SEC. 7032. (a) Congress makes the following findings:

(1) The people of the United States have long demonstrated an interest in the well-being of the people of Iran, dating back to the 1830s.

(2) Famous Americans such as Howard Barker, Dr. Samuel Martin, Jane E. Doolittle, and Louis G. Dreyfus, Jr., made significant contributions to Iranian society by furthering the educational opportunities of the people of Iran and improving the opportunities of the less fortunate citizens of Iran.

(3) Iran and the United States were allies following World War II, and through the late 1970s Iran was as an important regional ally of the United States and a key bulwark against Soviet influence.

(4) In November 1979, following the arrival of Mohammed Reza Shah Pahlavi in the United States, a mob of students and extremists seized the United States Embassy in Tehran, Iran, holding United States diplomatic personnel hostage until January 1981.

(5) Following the seizure of the United States Embassy, Ayatollah Ruhollah Khomeini, leader of the repressive revolutionary movement in Iran, expressed support for the actions of the students in taking American citizens hostage.

(6) Despite the presidential election of May 1997, an election in which an estimated 91 percent of the electorate participated, control of the internal and external affairs of the Islamic Republic of Iran is still exercised by the courts in Iran and the Revolutionary Guards, Supreme Leader, and Council of Guardians of the Government of Iran.

(7) The election results of the May 1997 election and the high level of voter participation in that election demonstrate that the people of Iran favor economic and political reforms and greater interaction with the United States and the Western world in general.

(8) Efforts by the United States to improve relations with Iran have been rebuffed by the Government of Iran.

(9) The Clinton Administration eased sanctions against Iran and promoted people-to-people exchanges, but the Leader of the Islamic Revolution Ayatollah Ali Khamenei, the Militant Clerics' Society, the Islamic Coalition Organization, and Supporters of the Party of God have all opposed efforts to open Iranian society to Western influences and have opposed efforts to change the dynamic of relations between the United States and Iran.

(10) For the past two decades, the Department of State has found Iran to be the leading sponsor of international terrorism in the world.

(11) In 1983, the Iran-sponsored Hezbollah terrorist organization conducted suicide terrorist operations against United States military and civilian personnel in Beirut, Lebanon, resulting in the deaths of hundreds of Americans.

(12) The United States intelligence community and law enforcement personnel have linked Iran to attacks against American military personnel at Khobar Towers in Saudi Arabia in 1996 and to al Qaeda attacks against civilians in Saudi Arabia in 2004.
